Foreign Language Specialists, Inc. mission is to be the most trusted provider of foreign language communication, known for its professionalism and integrity.

BRIEF COMPANY HISTORY

Foreign Language Specialists, Inc., founded, owned & operated by Olga Afonin, foreign MD graduate backed up by 12 years of clinical and managerial experience in the former USSR. After immigrating to the U.S. in 1990, Olga discovered the need in the medical field for a professional translation and interpretation provider with a medical background.

In May 1992 she was one of the pioneers to become an independent provider of medical and social Russian interpreter services for the Department of Social and Health Services (DSHS) and in August 1992 she formed an agency, which offered interpretation and translation for legal, technical, medical and social services for the DSHS, Home and Community Services, City of Seattle, Aging and Disability Services, State of Washington Department of Labor and Industries and various private clients. The company qualifies as a small business under U.S. Small Business Administration guidelines and is certified as a Women's Business Enterprise, CCR and DUNS registered, and is covered by \$2,000,000 Liability Insurance.

In the past twenty three years the immigrant community has come to trust and rely on our company's quality services. FLS has been awarded the following contracts related to language services:

- ❖ DSHS/General Administration contract #15398 for the State of WA regions 3 and 4 1999-2000

SERVICE DELIVERY

Foreign Language Specialists, Inc. provides the interpreting services in near 150 languages and dialects in the State of WA and Oregon, and the translation related services in most world languages internationally. The company is contracted with over 1000 interpreters and translators, and is in the constant process of screening prospective contractors.

We accept **interpreter requests** via Internet or fax. To request an interpreter, you can use the [FLS Interpreter Scheduling and Billing Record](#) found on our website www.flsincorp.net page [Our Services](#). FLS courteous Interpreter Coordinators locate and dispatch interpreters to appointments, conferences or meetings for either emergency or prescheduled assignments for in person (simultaneous or consecutive) or telephonic interpretation.

FLS interpreters per your request would call your clients to remind them of their appointments. This practice dramatically reduces costly no shows and last minute cancellations. We offer this service free of charge. To keep cost down and eliminate mileage charges we always try to schedule local interpreters first. Every interpreter and translator signs a Confidentiality Agreement before they start to work on our client's requests. They are sworn by the National Code of Ethics and DSHS Code of Professional Conduct for Interpreters.

Our company manages **written translation projects** of all sorts, sizes and in any format: medical, social, technical or legal, business or personal documents, letters, manuals, books, websites, business cards, and brochures. Nothing is too small, too big or too complicated for our experts: translation, proofreading, localization, editing & formatting are provided in most world known languages.

We provide only human translation by very experienced certified and qualified native language translators. The timing and quality of the translated documents are unbeatable.

We offer special discounts for big projects, long term and exclusive contracts.

Among our happy clients are Attorney General, Office of the Governor, King County and City of Seattle, Seattle Police Department, Division of Disability Determination Services (State of WA and Oregon), Washington State Employment Security Department, State of WA, The Everett Clinic, Western State Hospital, Snohomish County Superior Court, City of Seattle, Home and Community Services, Costco, Columbia Legal Services, Seattle University School Of Law, Seattle Office of Emergency Management, Department of Early Learning, Disability Rights Washington, Community Health Centers, Adoption Advocates International, Child Care Resources, School Districts, Department of Licensing, Utilities & Transportation Commission, Public Utilities, Aging and Disability Services, Department of Planning and Development, Child Protective Services, and many others.
